

LAKE COUNTRY CLASSICAL ACADEMY

PORTRAIT OF A GRADUATE

The mission of Lake Country Classical Academy is to train the minds and improve the hearts of young people through a content-rich, classical education in the liberal arts and sciences, with instruction in the principles of moral character and civic virtue.

Founded on and guided by this mission, we desire that our students develop in character and intellect throughout their education. While we cannot guarantee outcomes, it is essential to “begin with the end in mind” and outline the personal achievements and character desired for our graduates.

LCCA graduates have a deep knowledge of the Hillsdale College K-12 classical curriculum and make connections between academic disciplines. They appreciate the classics and see value in the enduring truths gained through history and literature. They demonstrate mastery of the English language and substantial knowledge of Latin. Our graduates see truth and beauty in the sciences and mathematics.

LCCA graduates model the virtues of respect and honesty through their speech and actions. They demonstrate wisdom in daily life and embody courage and responsibility. Our graduates are independent, self-disciplined, and motivated. They persevere through challenges and strive for excellence. They have developed curiosity and a desire to pursue learning as a lifelong endeavor. They cherish deep friendships and serve others joyfully. Our graduates are prepared for leadership. They recognize and value freedom and contribute as responsible and constructive citizens invested in the local community. They have the ability to contemplate and respond to meaningful questions about humanity.

LCCA graduates embody strong morals and pursue that which is good, true, and beautiful.
